## MISSION

I am a junior golfer entering my third full season of competitive play, with a clear goal of competing at the Division I level while pursuing strong academic achievement. Growing up in a family that values education, I've developed a disciplined work ethic and a commitment to excellence both on the course and in the classroom.

I have consistently demonstrated the ability to contend, medal, and win through low scoring, steady tournament composure, and disciplined course management. I am seeking a collegiate program where I can continue to develop my game, contribute to team success, and be part of a fun, competitive environment that values connection, growth, and a family culture.
